

New Parking Regulations

Please take notice that the Town is implementing its evening parking permit regulations for both the Shandoka Lot and the RV Lot. Permits will be required for parking between 7 PM and 6 AM for both parking lots. The permits are designed to allow for overnight usage of the lot by local residents only. Day time use of both lots will continue to be open for general public use.

Shandoka Lot:

Residents of Shandoka and Creekside Apartments can obtain their permits through the Shandoka Housing Office at 820 Black Bear Road (ph 728-3034). Permits will be provided to existing tenants with proof of current vehicle registration under the same name. Tenants with work vehicles may obtain permits for those work vehicles upon verification of employment. Permits are free for the first vehicle and \$25 per additional vehicle by the same owner. Temporary tags for visiting guests may also be obtained throughout the year but these will be limited in issuance and duration.

Parking permits for other users entitled to utilize the Shandoka lot during evening hours will be issued out of the Telluride Marshal's Office. This includes residents and property managers for units in Double Diamond, Etta Place and Etta Place Too. It also includes owners of commercial businesses and commercial unit owners within the Cimarron Lodge. The Telluride Marshal's Office is located at 134 S. Spruce (ph 728-3818)

All vehicles that utilize the Shandoka lot will need to be currently licensed. Trailers will be allowed but only if they are currently licensed and hitched, at all times, to permitted vehicles. The storage of trailers will not be allowed. Motorcycles will not require permits but must be parked in the designated parking areas.

Lot B ("RV Lot"):

Lot B will likewise continue to be used for general public use during the day but will require permits for overnight parking. Local residents of Entrada and Lulu City may obtain temporary permits for overnight parking at the Telluride Marshal's Office. These permits are free but issuance will require proof of residency and vehicle registration under the same name. Again, trailers will be allowed only if they are licensed and hitched, at all times, to permitted vehicles.

Please note that the permits for Lot B are temporary in duration, expiring on May 31st, 2015. The Town is in the process of developing regulations pertaining to overnight parking in Lot B and it is expected that these regulations will be formulated and in place by May 31st. The future use of Lot B, as a whole, has yet to be determined by the Town Council. Parking is considered a temporary use.

With respect to both parking lots, the Town will allow a two-week transition period for permits to be obtained, with enforcement scheduled to commence on February 18th. We thank you for your cooperation in this matter.
